**STEP 1:** Enter this URL to your browser <https://ddalmis.org.in/>

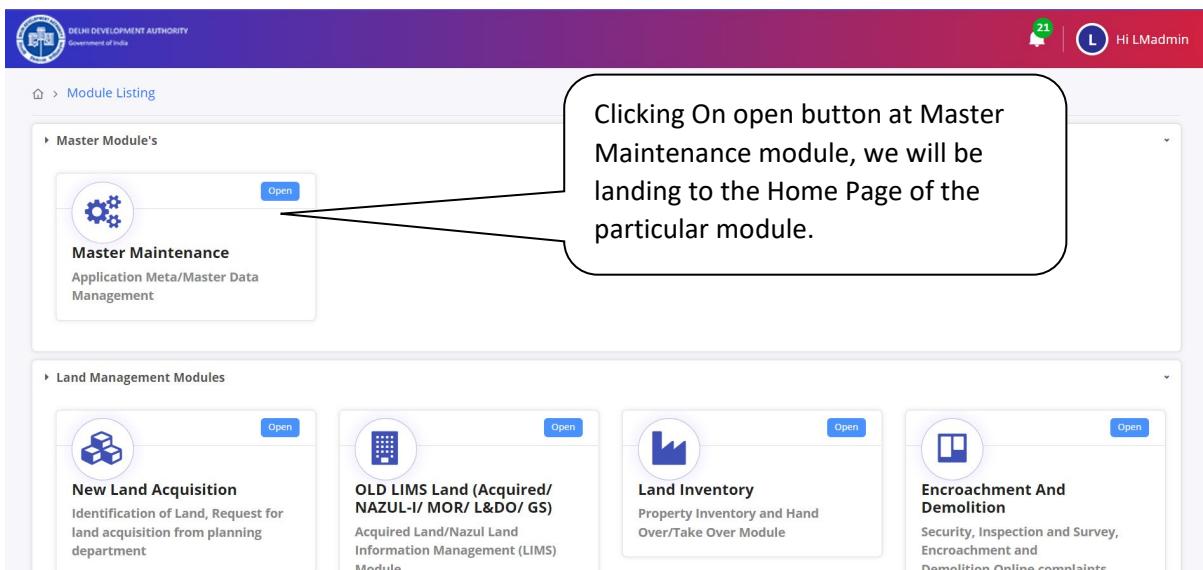

**STEP 2:** Now, User will see Login Page.

**Login Page:** User will Enter Login Credentials given to you and Click on Login Button, if you wish to Remember username / password to the browser so check on “Remember Me link”.

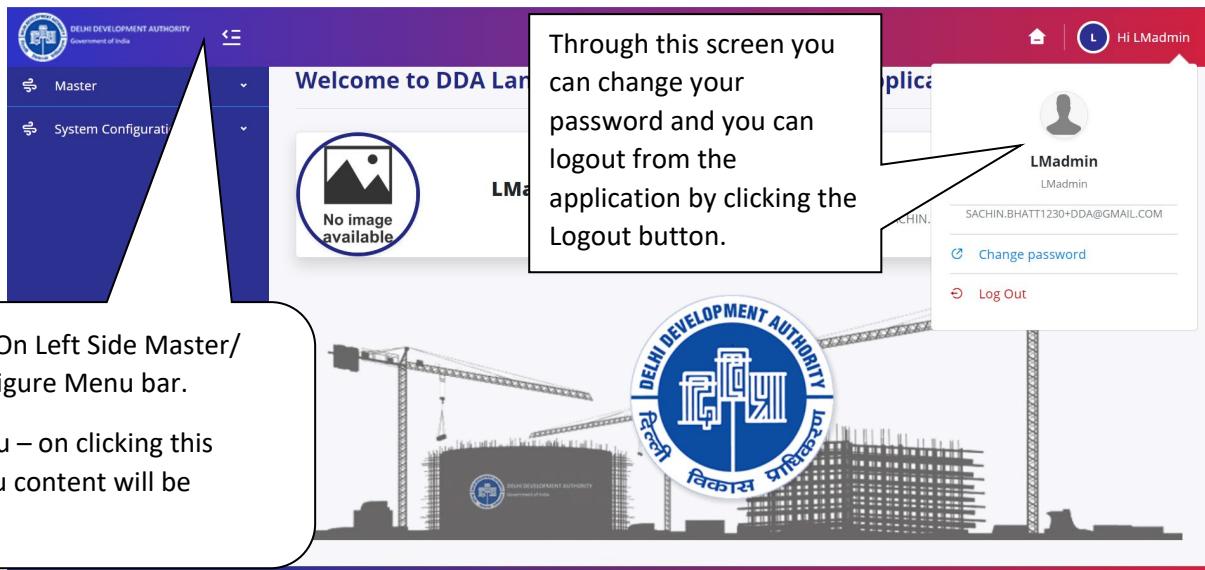

**STEP 3:** After login successfully, we will redirect to landing page.

**Landing Page:** Here, we can see authorized modules List and we can choose the module where we want to visit.

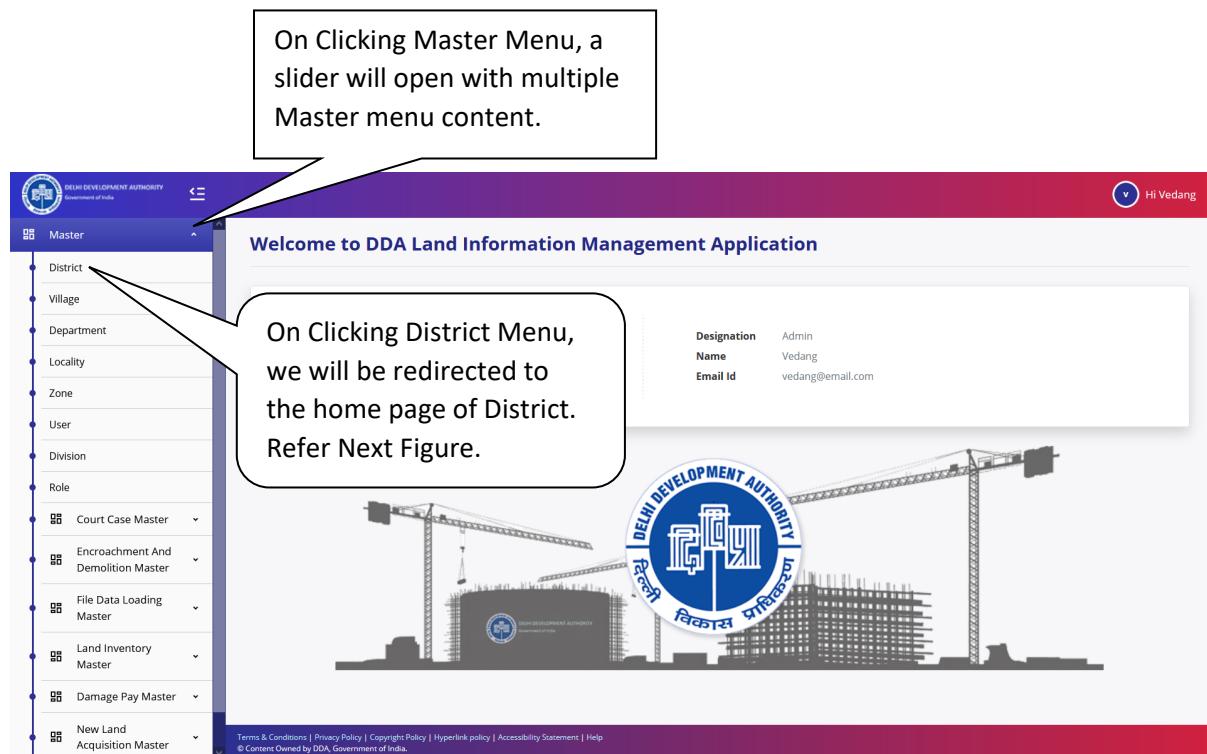

**Home Page:** This is the home page of Master Maintenance Module.

## District

District Menu Home Page.

Reset Button will be used to clear applied filter.

Clicking on Search button we can search records on the basis of above text box.

Existing Records.

For sorting records Ascending & Descending order.

Clicking On add more we can add more districts. (refer next figure).

Pagination

Here, we can perform different operation as View/Edit/Delete.

District Name	District Code	Status	Operations		
Central	09	Active			
Ghaziabad	11	Active			
New Delhi	08	Inactive			
North	01	Active			

**Add More Page:** Here, we can add new records by entering data into the given fields.

Here we fill District Name and Code.

Clicking on Create button we will save records and redirect to Home Page.

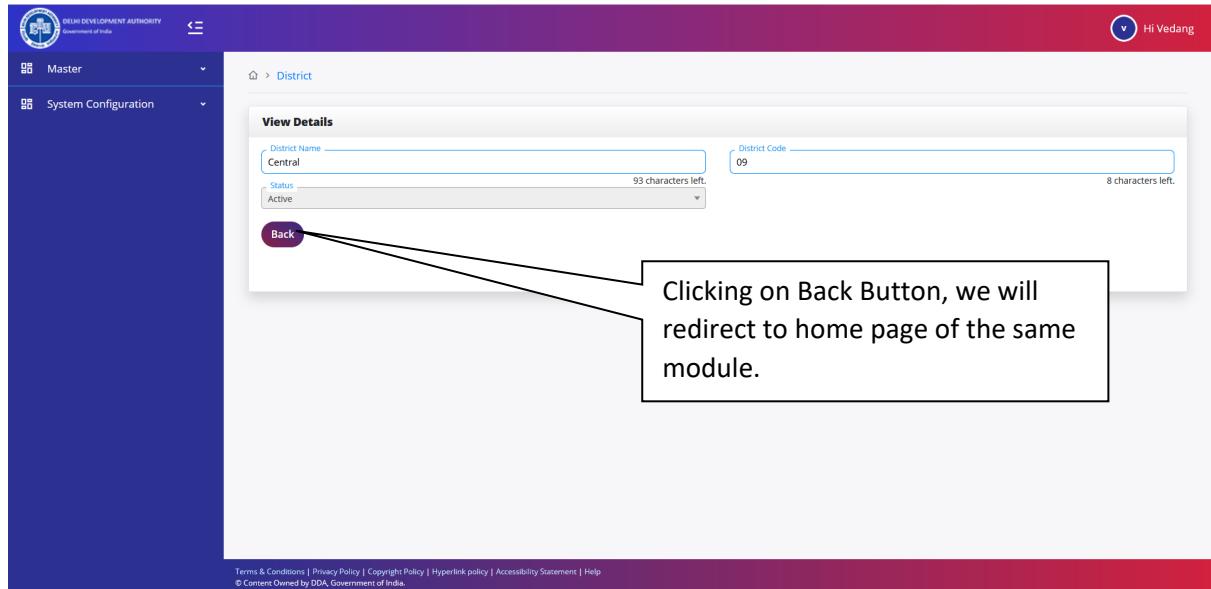

Clicking on Back Button, we will redirect to home page of the same module.

Here we choose record status as Active /Inactive.

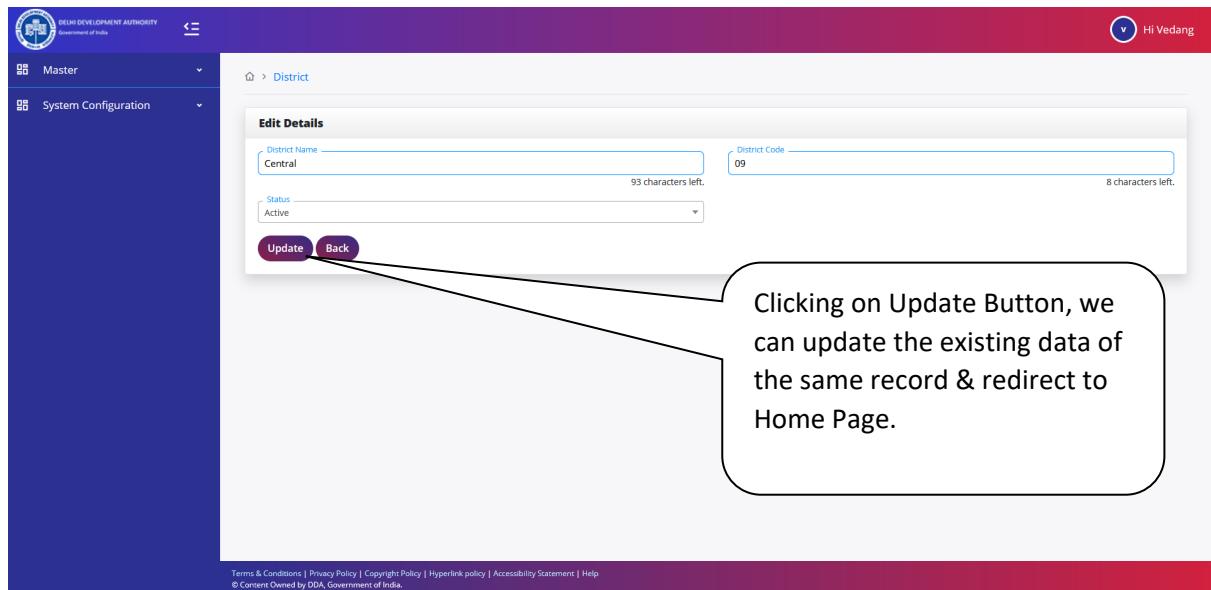

District Name: [Input field]  
District Code: [Input field]  
Status: [Dropdown menu: Active]

Create Back

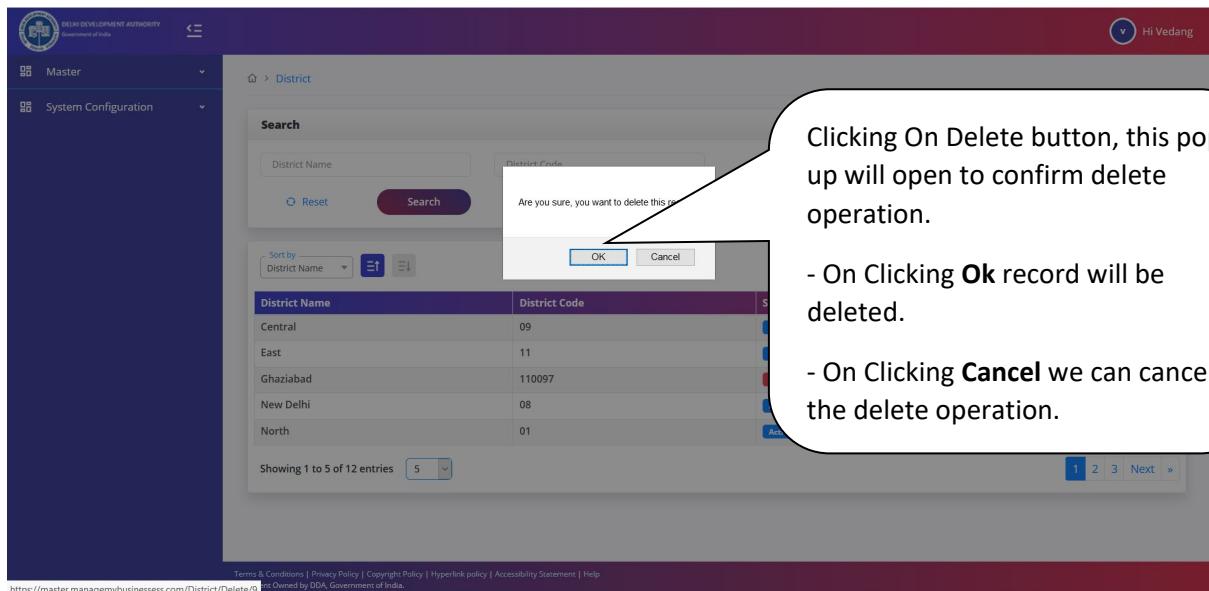

**View Page:** Clicking on View button at home page under operation column, we will redirect to view page. Here we can read and verify the data.

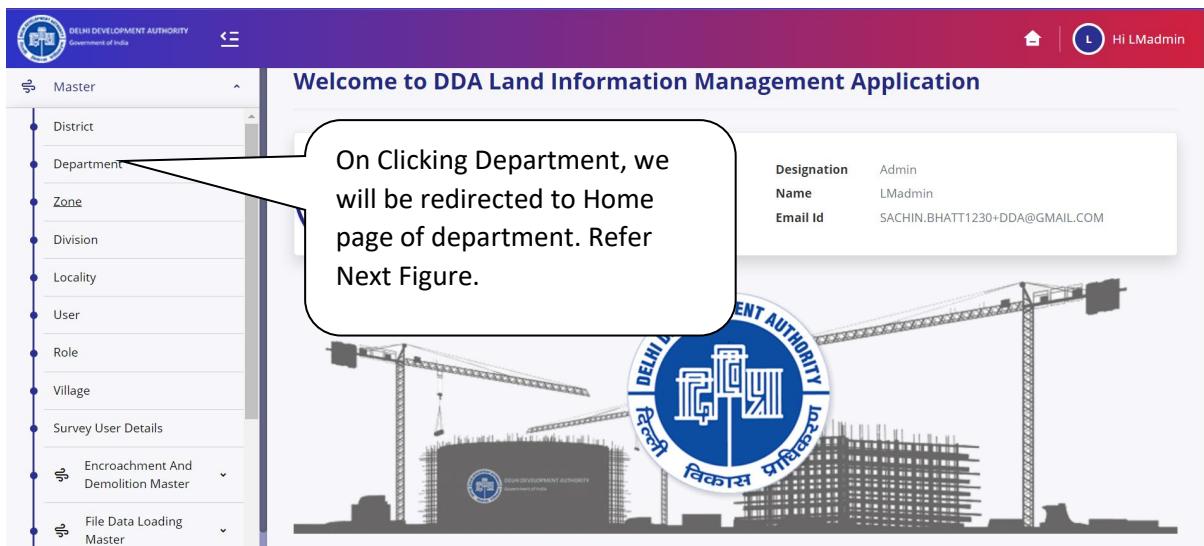

**Edit Page:** Clicking on Edit button at home page under operation column, we will redirect to edit page. Here we can modify the data related to that particular record.

**Delete Operation:** Clicking on Delete button at home page under operation column a pop up will open to confirm the delete operation, we can delete (inactive) record of the module.

## Department

Department Menu Home Page.

Department Name	Status	Actions
Engineering	Active	
Horticulture	Active	
Land Management	Active	
MOR	Active	

Reset Button will be used to clear applied filter.

Existing Records.

Pagination

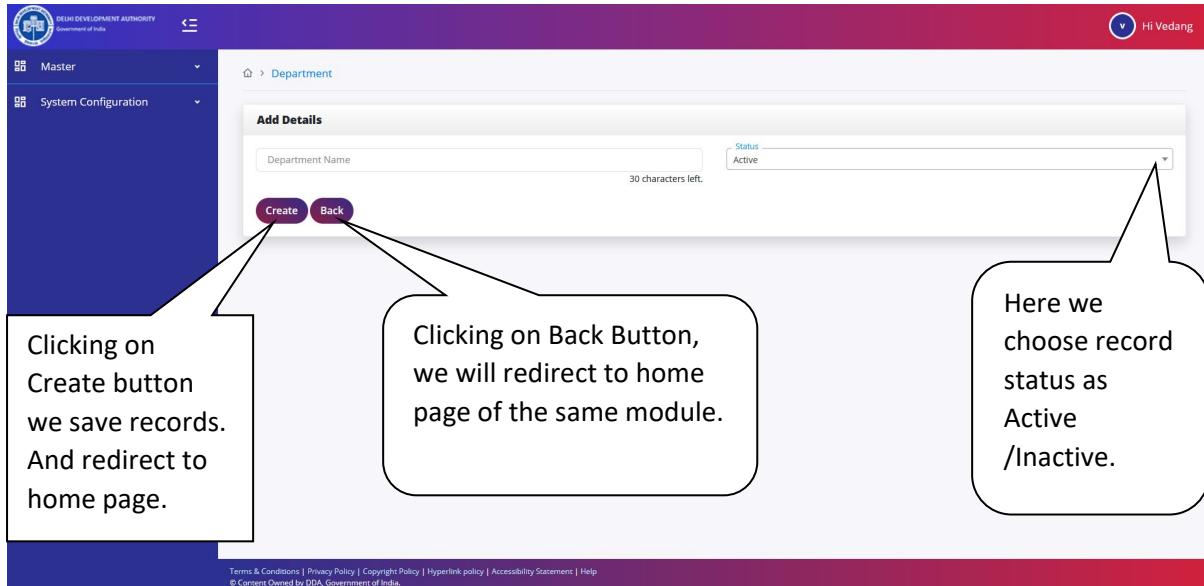

For sorting records Ascending & Descending order.

Clicking on search button we can search records on the basis of above text boxes.

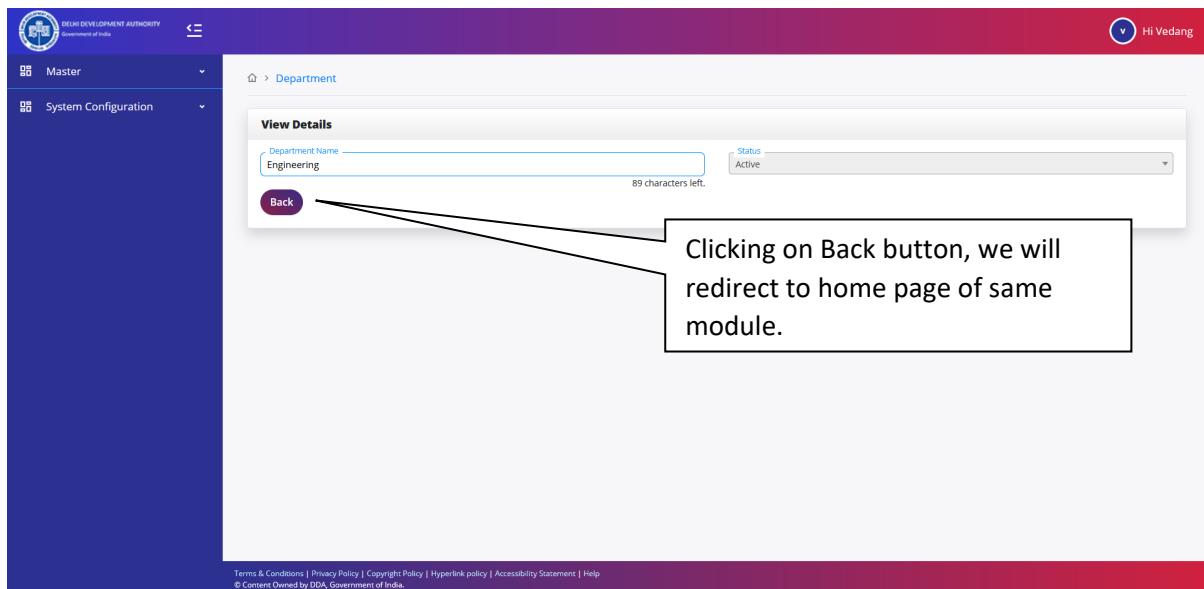

Here we can perform different operation as View/Edit/Delete

Clicking on add more we can add more department. (refer next figure).

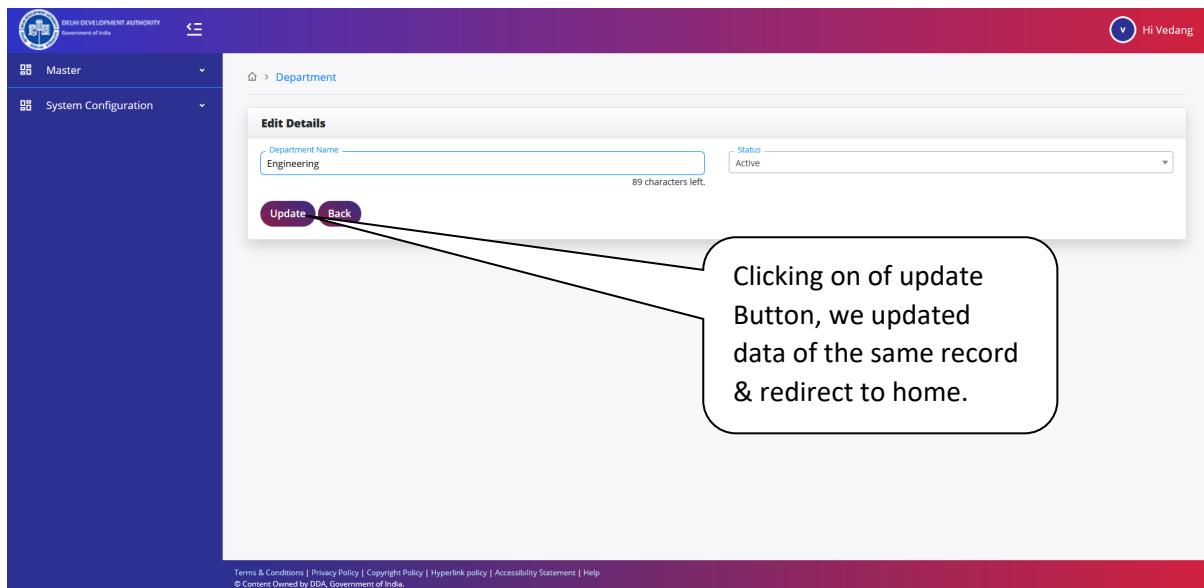

**Add More Page:** Here, we can add new records by entering data into the given fields.

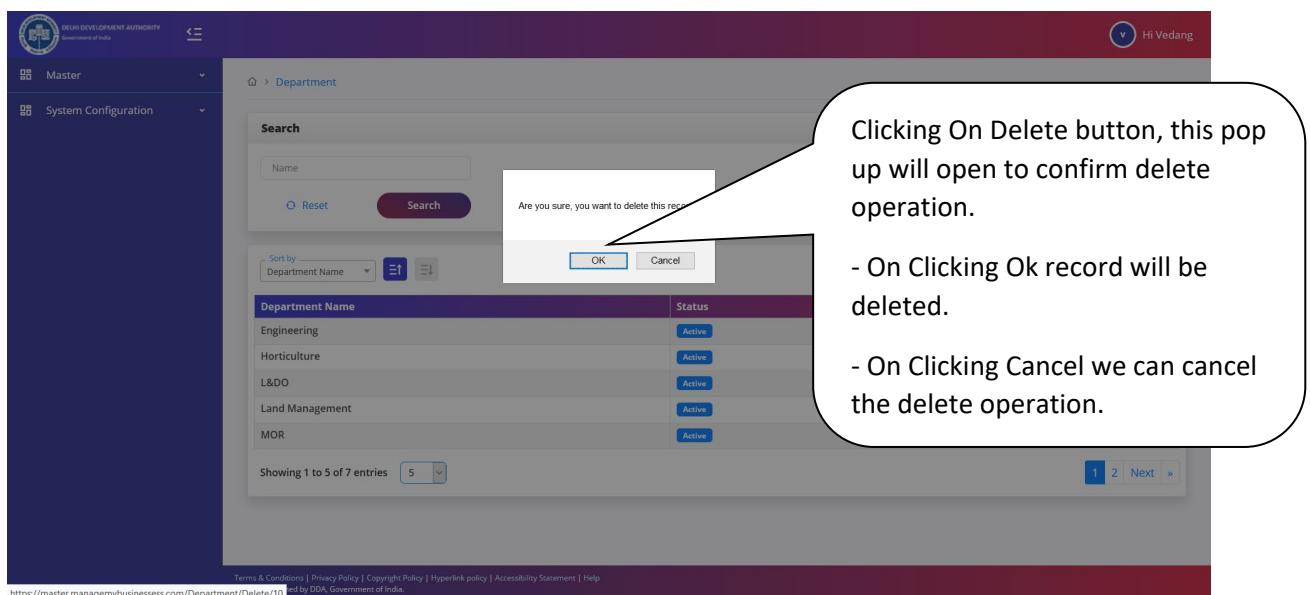

**View Page:** Clicking on View button at home page under operation column, we will redirect to view page. Here we can read and verify the data.

**Edit Page-** Clicking on Edit button at home page under operation column, we will redirect to edit page. Here we can modify the data related to that particular record.

**Delete Operation:** Clicking on Delete button at home page under operation column a pop up will open to confirm the delete operation, we can delete (inactive) record of the module.

## Zone

The screenshot shows the left sidebar of the application with a tree menu under the 'Master' category. The 'Zone' node is highlighted. A callout bubble points to this node with the text: "Clicking on Zone menu, we will be redirected to Home page of Zone. Refer Next Figure."

The main content area displays a table titled "Department Name" with columns for "Status" and "Actions". The table lists several entries, all marked as "Active". The table includes standard data grid controls like sorting, filtering, and pagination.

Department Name	Status	Actions
Account Section	Active	
Cash Main	Active	
Commissioner (LM)	Inactive	
Director (LM)-I	Inactive	
Director (LM)-II	Inactive	

## Zone Menu Home Page.

The screenshot shows the Zone menu home page with a sidebar and a main content area. The sidebar contains a tree menu with the 'Zone' node selected. A callout bubble points to the 'Reset' button with the text: "Reset Button will be used to clear applied filter."

The main content area has a search section with "Zone Name" and "Search" buttons. A callout bubble points to the "Search" button with the text: "Clicking on Search button we can search records on the basis of above text boxes."

The main content area also features a table with columns: "Department", "Zone Name", "Zone Code", "Status", and "Operations". The table lists five entries from DWARKA to SOUTH, all marked as "Active". A callout bubble points to the "Operations" column with the text: "Here we can perform different operation as View/Edit/Delete".

Annotations in the bottom left corner include: "Existing Records.", "Pagination", and "For sorting records ascending & Descending order." pointing to the table's header and footer respectively.

**Add More Page:** Here, we can add new records by entering data into the given fields.

Here we fill Department and Zone name, Zone code.

Marked are mandatory fields

Department\* --Select-- Zone Name\* 100 characters left.  
Zone Code\* 10 characters left. Status Active

Submit Back

Clicking on submit we will save records. And redirect to home page.

Clicking on Back button, we will redirect to Home page without saving any records.

Here we choose record status as Active /Inactive.

**View Page:** Clicking on View button at home page under operation column, we will redirect to view page. Here we can read and verify the data.

View Details

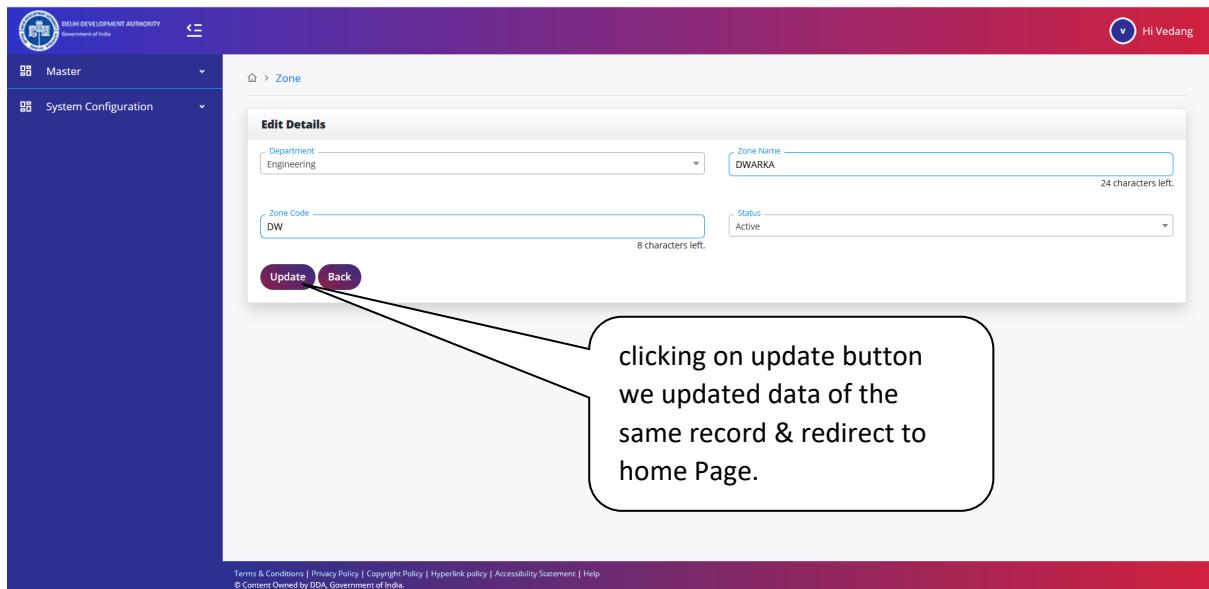

Department Engineering Zone Name DWARKA  
Zone Code DW Status Active

Back

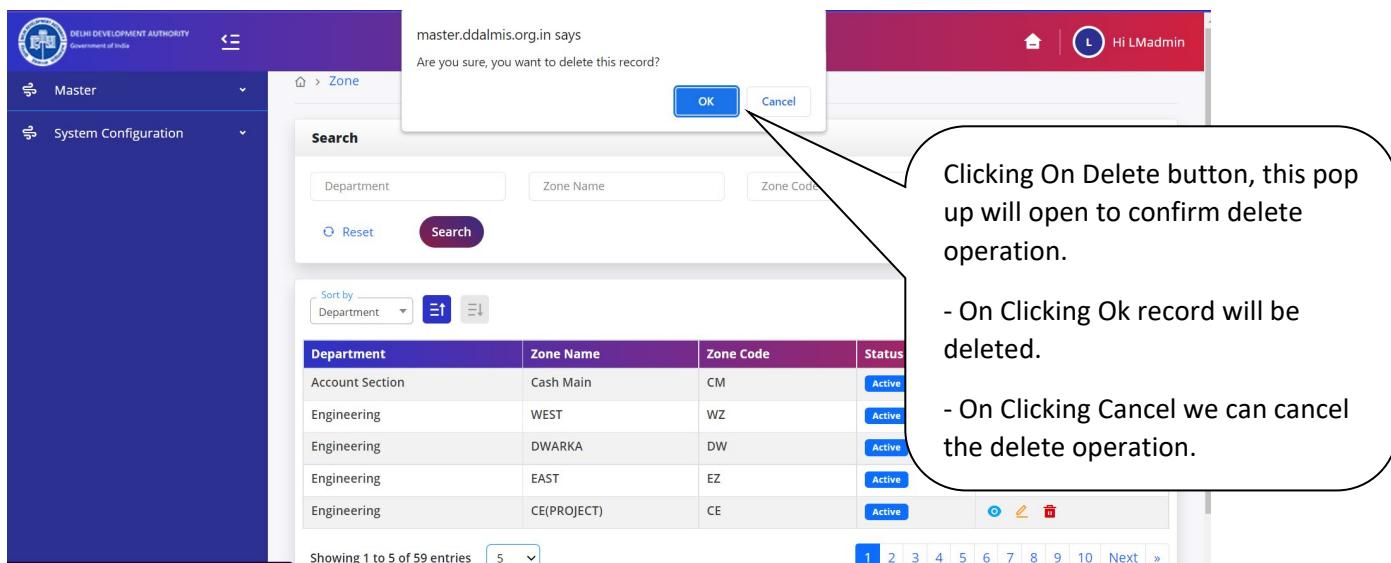

Clicking On Back Button, we will redirect to home page of same

Terms & Conditions | Privacy Policy | Copyright Policy | Hyperlink policy | Accessibility Statement | Help  
© Content Owned by DDA, Government of India.

**Edit Page:** Clicking on Edit button at home page under operation column, we will redirect to edit page. Here we can modify the data related to that particular record.

**Delete Operation:** Clicking on Delete button at home page under operation column a pop up will open to confirm the delete operation, we can delete (inactive) record of the module.

## Division

Clicking on Division, we will be redirected to Home page of Division. Refer Next Figure.

The screenshot shows a navigation sidebar on the left with the following hierarchy:

- Master
- District
- Department
- Zone
- Division**
- Locality
- User
- Role
- Village
- Survey User Details
- Encroachment And Demolition Master
- File Data Loading Master

The main content area displays a search bar and a table of division records:

Department	Zone Name	Zone Code	Status	Operations
Account Section	Cash Main	CM	Active	
Engineering	WEST	WZ	Active	
Engineering	DWARKA	DW	Active	
Engineering	EAST	EZ	Active	
Engineering	CE(PROJECT)	CE	Active	

Showing 1 to 5 of 59 entries

## Division Home Page

Reset Button will be used to clear applied filter.

Existing Records.

Pagination

For sorting records ascending & Descending order.

Clicking on Search button we can search records on the basis of above text boxes.

Clicking On add more we will redirect to create page (refer next figure).

Here we can perform different operation as View/Edit/Delete

The screenshot shows a search interface and a table of division records:

Search fields: Division Name, Division Code

Table columns: Department, Zone, Division Code, Division Name, Status, Operations

Department	Zone	Division Code	Division Name	Status	Operations
Engineering	DWARKA	WD-7	WD-7	Active	
Engineering	DWA	WD-3	WD-3	Active	
Engineering	DWAR	WD-2	WD-2	Active	
Engineering	CE(PROJECT)	FOD-4	FOD-4	Active	
Engineering	CE(PROJECT)	SD-1	SD-1	Active	

Showing 1 to 5 of 32 entries

### Add More Page:

Here we fill Department, Zone, Division Name, Code.

\* Marked are mandatory fields

Clicking on Submit button, we save records and redirect to home page.

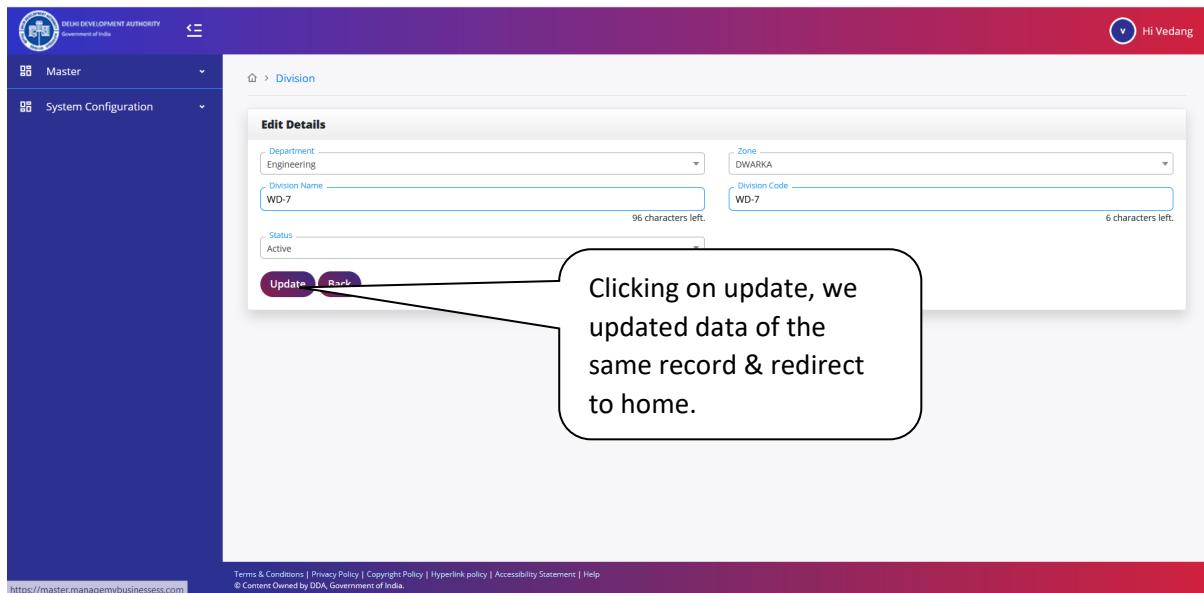

Clicking on Back Button, we will redirect to home page of the same module.

Here we choose record status as Active /Inactive.

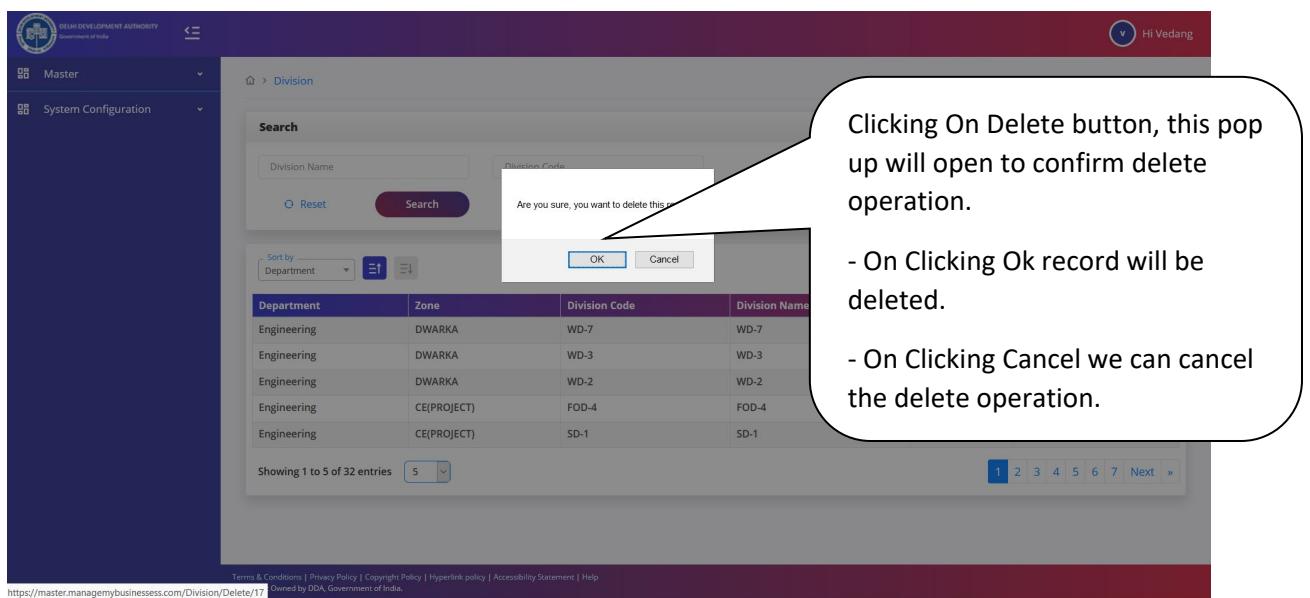

**View Page:** Clicking on View button at home page under operation column, we will redirect to view page. Here we can read and verify the data.

Clicking on Back button, we will redirect to home page of same module.

**Edit Page:** Clicking on Edit button at home page under operation column, we will redirect to edit page. Here we can modify the data related to that particular record.

**Delete Operation:** Clicking on Delete button at home page under operation column a pop up will open to confirm the delete operation, we can delete (inactive) record of the module.

## Locality

On Clicking Locality menu, we will be redirected to Home page of Locality. Refer Next Figure.

The screenshot shows the left sidebar menu under 'Master' with 'Locality' selected. The main area displays a form for creating a new locality, including fields for Division Name\*, Zone\*, Division Code\*, and Status (Active). A note at the top right says '\* Marked are mandatory fields'. Buttons for 'Submit' and 'Back' are at the bottom.

## Locality Menu Home Page.

Reset Button will be used to clear applied filter.

Existing Records.

Clicking on Search button we can search records on the basis of above text boxes.

Clicking on add more we will redirect to create page (refer next figure).

Pagination

For sorting records ascending & Descending order.

Here we can perform different operation as View/Edit/Delete

The screenshot shows the Locality menu home page with a table of existing records. The table has columns: Department, Zone, Division, Locality(Village) Name, Locality(Village) Code, Status, and Operations. The table shows 5 entries. Buttons for '+ Add More' and 'Download' are at the top right. Pagination controls (1 to 10) are at the bottom. A note at the bottom left says 'Showing 1 to 5 of 82 entries'.

**Add More Page:** Here, we can add new records by entering data into the given fields.

Here we fill Department, Zone, and Division Locality (village)Name, Locality (village)Name Code, Landmark, Address.

Clicking on submit we will save records. And redirect to home page.

Clicking on Back Button, we will redirect to home page of the same module.

Here we choose record status as Active /Inactive.

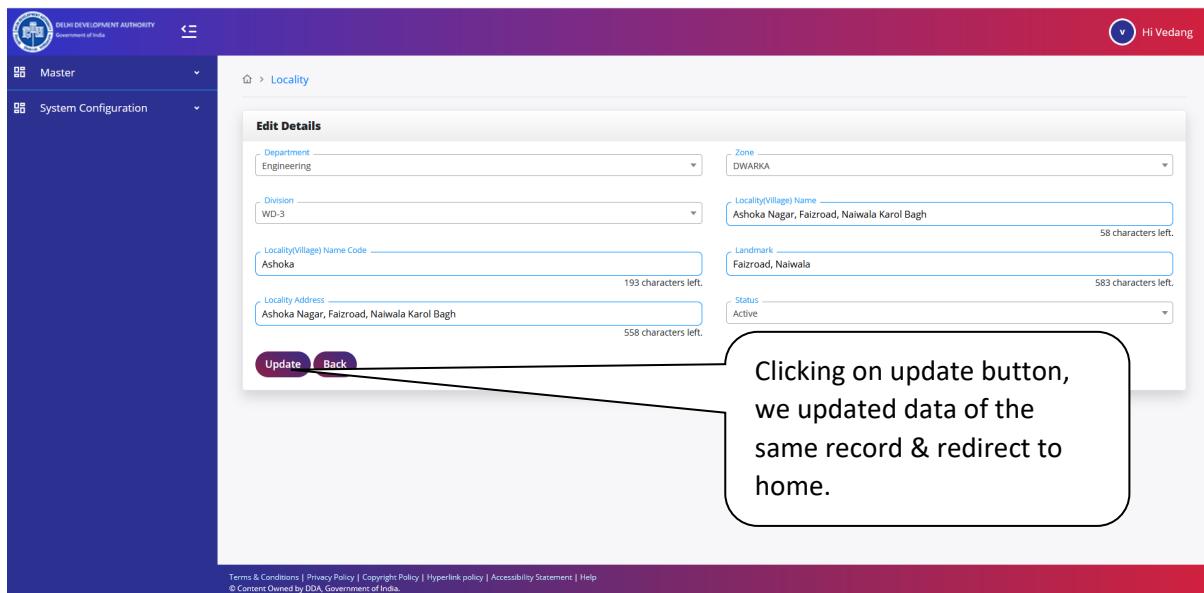

**View Page:** Clicking on View button at home page under operation column, we will redirect to view page. Here we can read and verify the data.

View Details

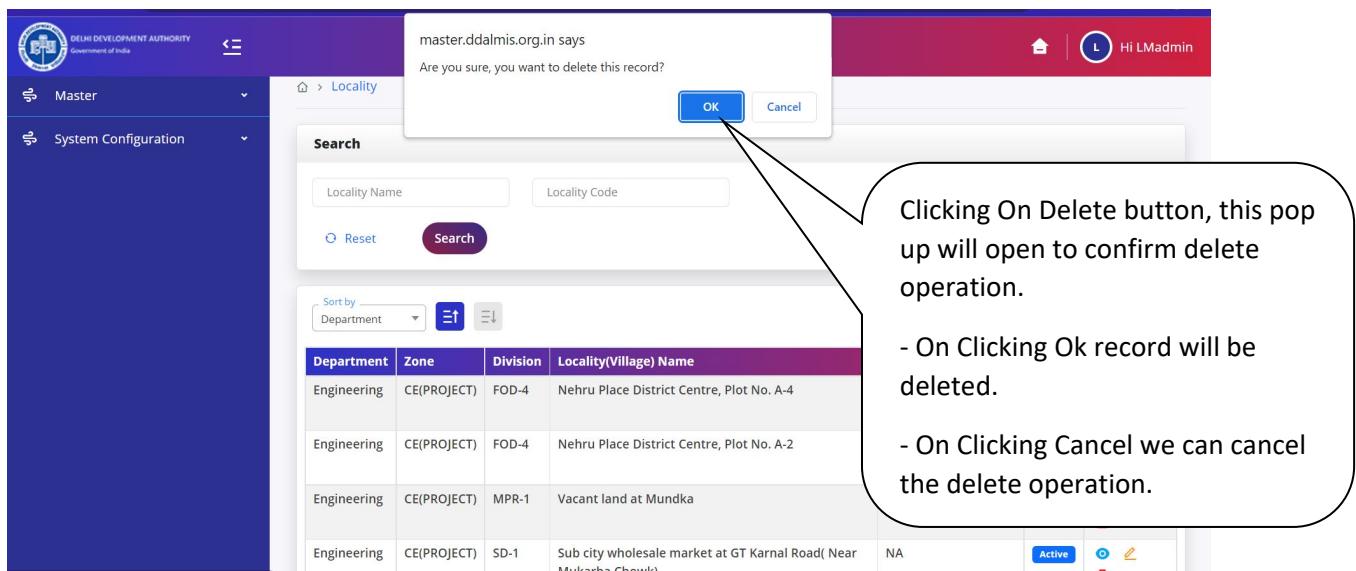

Department	Engineering	Zone	DWARKA
Division	WD-3	Locality(Village) Name	Ashoka Nagar, Faizroad, Naiwala Karol Bagh
Locality(Village) Name Code	Ashoka	Landmark	Faizroad, Naiwala
Locality Address	Ashoka Nagar, Faizroad, Naiwala Karol Bagh	Status	Active

Clicking on Back button, we will redirect to home page of same

**Edit Page:** Clicking on Edit button at home page under operation column, we will redirect to edit page. Here we can modify the data related to that particular record.

**Delete Operation:** Clicking on Delete button at home page under operation column a pop up will open to confirm the delete operation, we can delete (inactive) record of the module.

## User

On Clicking User, we will be redirected to Home page of User. Refer Next Figure.

User Name	Name	Role	Email Id	Contact Number	Zone	District	Department	Status	Action
ashutosh	Ashutosh	Admin	sachin188.bhatt@vedang.net	9971055389	NORTH-WEST	North	Horticulture	Active

Laxman	Laxman	ASO	laxman.la86@dda.gov.in	8178633469			Land Management	Active	

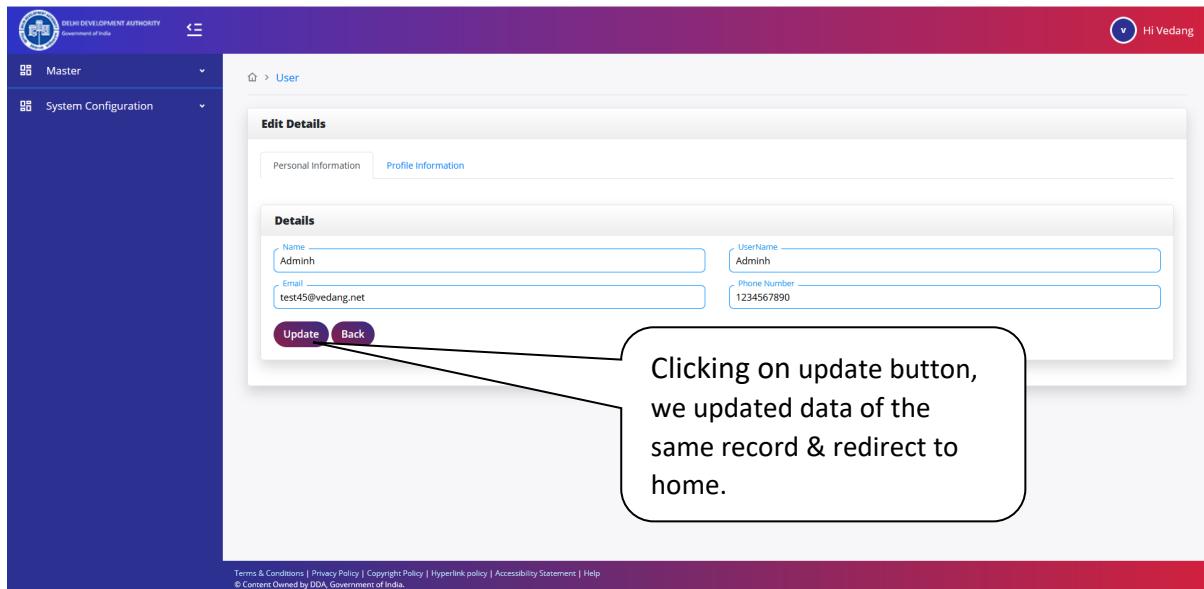

**Add More Page:** Here, we can add new records by entering details.

The screenshot shows the 'User' section of the application. A modal window titled 'Add Details' is open, containing fields for Name, Email, Password, Confirm Password, Department, Role, Zone, Branch, and Active status. The 'Active' field is currently set to 'Active'. At the bottom are 'Submit' and 'Back' buttons. A callout box points to the input fields with the text: 'Here we fill Case Name, username, Email, Phone number, Password, Confirm password, Department, Zone.' Another callout box points to the 'Submit' button with the text: 'Clicking on Submit button we will save records. And redirect to home page.' A third callout box points to the 'Active' dropdown with the text: 'Here we choose record status as Active /Inactive.' A fourth callout box points to the 'Back' button with the text: 'Clicking on Back button, we will redirect to Home page without saving any records.'

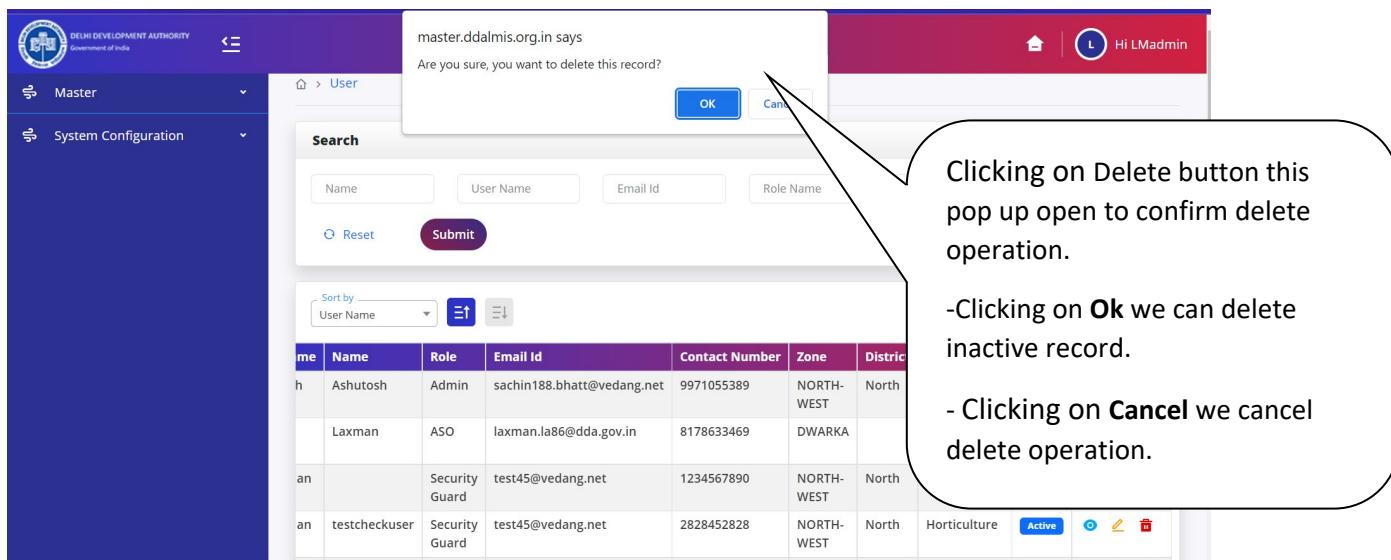

**View Page –** Clicking on View button at home page under operation column, we will redirect to view page. Here we can read and verify the data.

The screenshot shows the 'User' section of the application. A modal window titled 'View Details' is open, displaying 'Personal Information' and 'Profile Information' tabs. Under the 'Details' section, it shows Name (Adminh), Email (test45@vedang.net), UserName (Adminh), and Phone Number (1234567890). At the bottom is a 'Back' button. A callout box points to the 'Back' button with the text: 'Clicking on Back button, we will redirect to home page of same'.

**Edit Page-** Clicking on Edit button at home page under operation column, we will redirect to edit page. Here we can modify the data related to that particular record.

**Delete Operation-** Clicking on Delete button at home page under operation column a pop up will open to confirm the delete operation, we can delete (inactive) record of the module.

## Role

Clicking on Role, we will be redirected to Home page of Role. Refer Next

Role Name	Status	Actions
Admin	Active	
ASO	Active	
Assistant Director LM	Active	
CLM	Active	
Damage Payee	Active	

## Role Home Page:

Reset Button will be used to clear applied filter.

Existing Records.

Pagination

For sorting records ascending & Descending order.

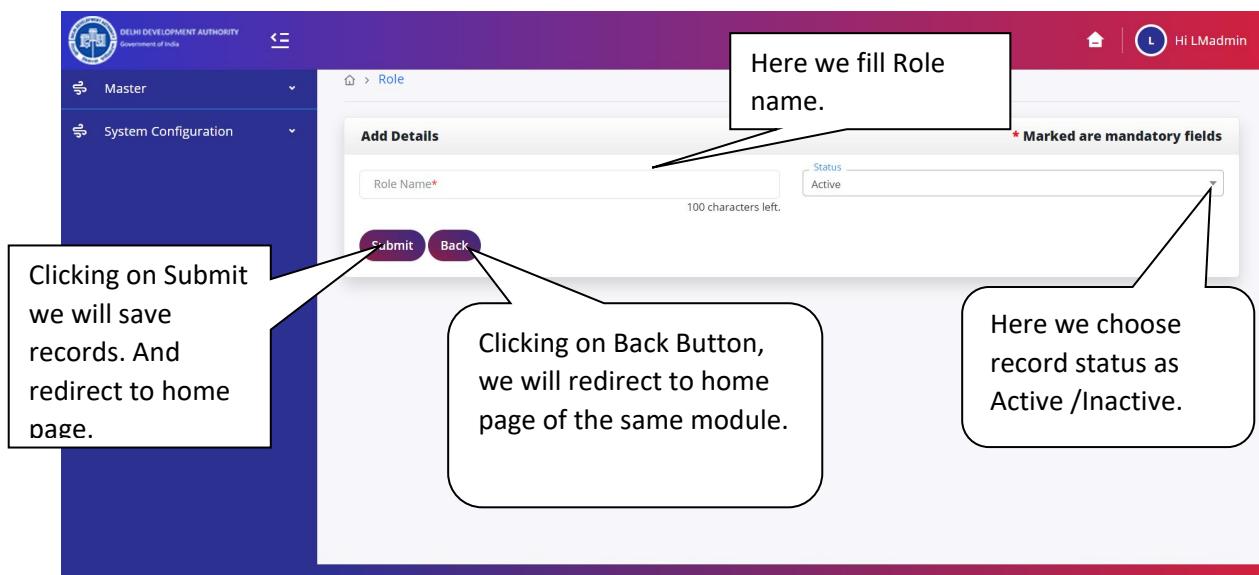

Clicking on submit button we can submit records on basis on above text boxes.

Clicking on Click add more we will redirect to create page (refer next)

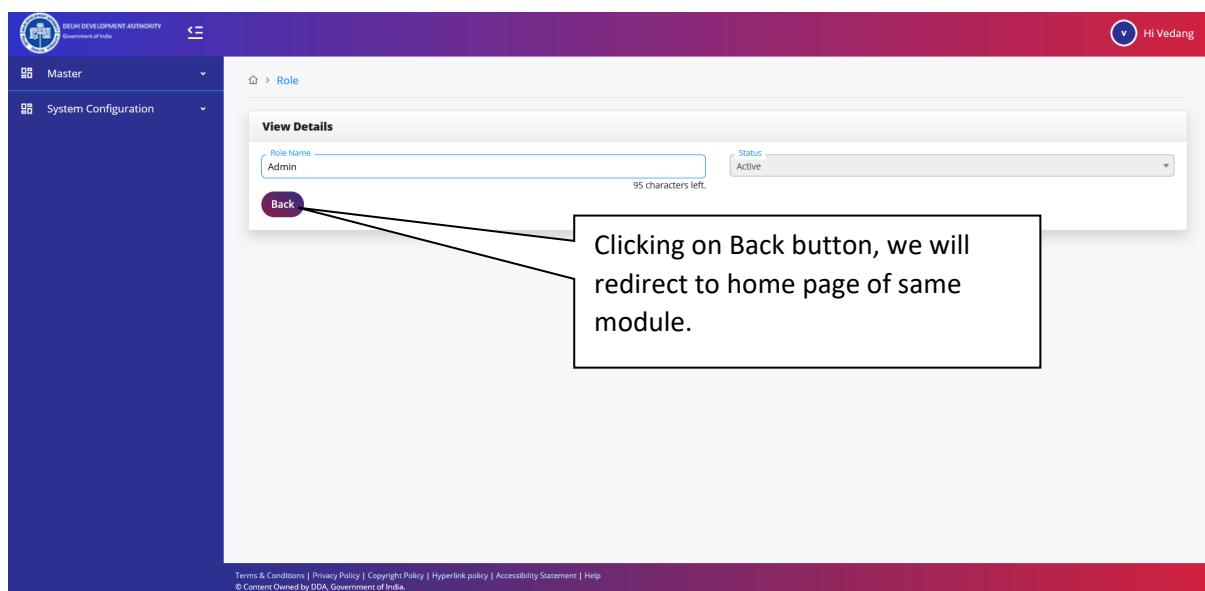

Here we can perform different operation as View/Edit/Delete

Role Name	Status	Actions
Admin	Active	
Assistant Director LM	Active	
CLM	Active	
Damage Payee	Active	

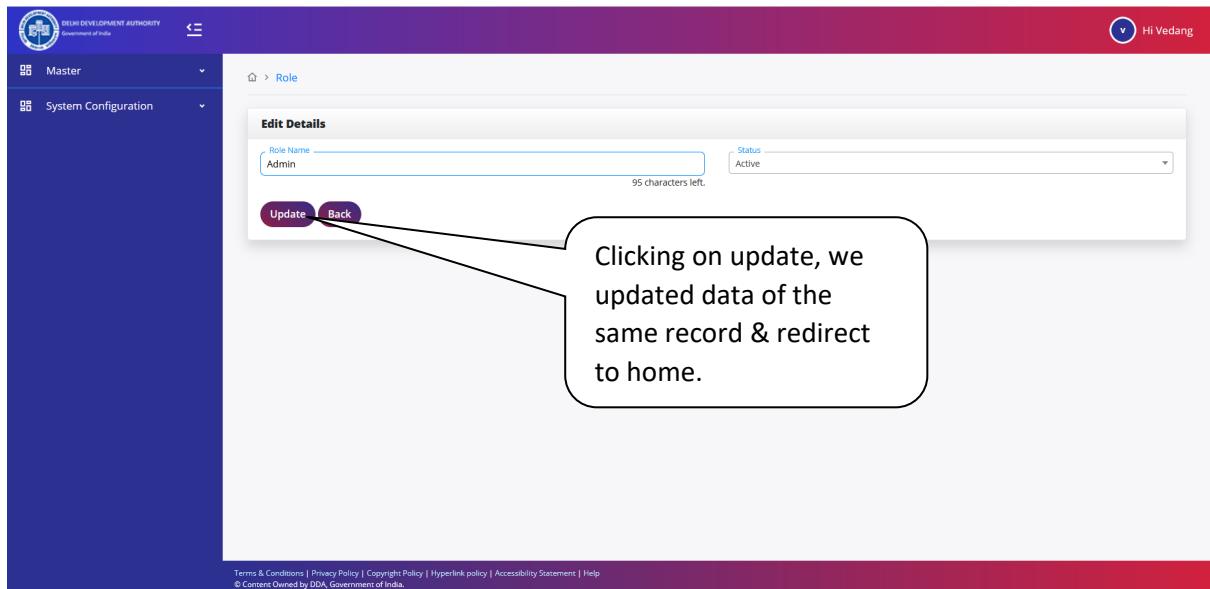

**Add More Page-** Here, we can add new records by entering data into the given fields.

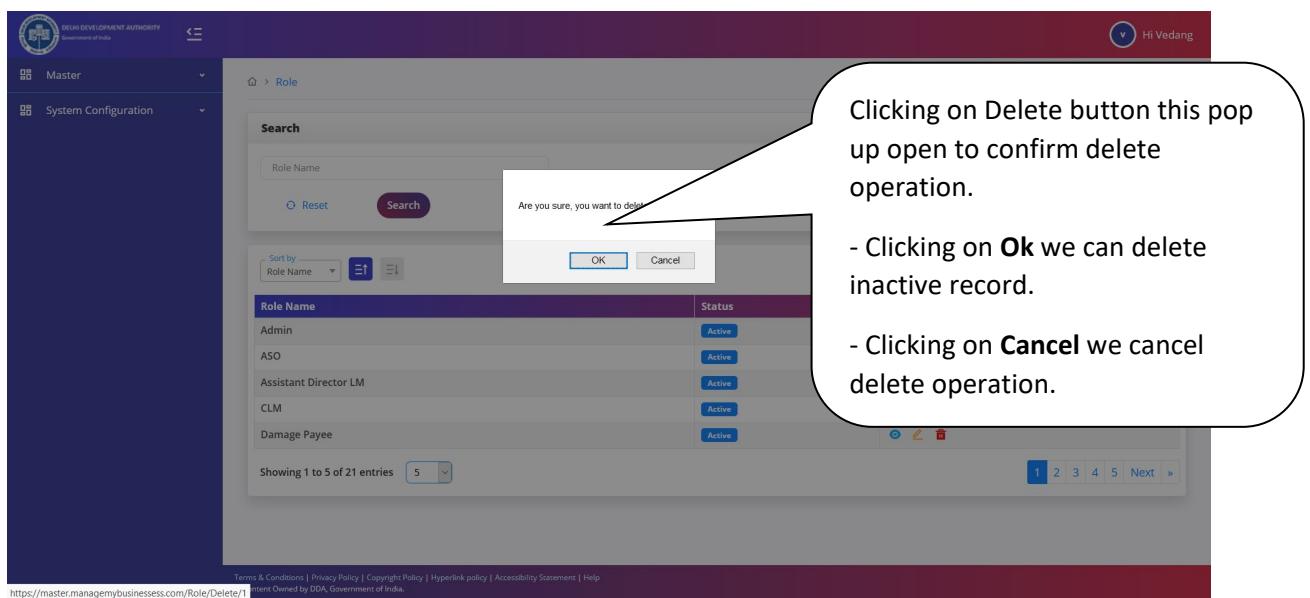

**View Page:** Clicking on View button at home page under operation column, we will redirect to view page. Here we can read and verify the data.

**Edit Page:** Clicking on Edit button at home page under operation column, we will redirect to edit page. Here we can modify the data related to that particular record.

**Delete Operation-** Clicking on Delete button at home page under operation column a pop up will open to confirm the delete operation, we can delete (inactive) record of the module.

## Village

On Clicking Village menu, we will be redirected to Home page of Village. Refer Next Figure.

The screenshot shows a sidebar navigation with the following items: Master, District, Department, Zone, Division, Locality, User, Role, Village, Survey User Details, Encroachment And Demolition Master, and File Data Loading Master. The 'Village' item is highlighted with a black arrow pointing to it from the text above.

The main content area displays a search interface for roles. It includes a search bar with 'Role Name' placeholder, a 'Reset' button, and a 'Search' button. Below the search bar is a sorting section with 'Sort by' dropdown set to 'Role Name' and two sorting icons. At the top right are 'Add More' and 'Download' buttons. The main table has columns for 'Role Name', 'Status', and 'Actions'. The data in the table is as follows:

Role Name	Status	Actions
AAO (Cash Main)	Active	
AAO (Cash) Housing	Active	
AAO Accounts	Active	
AAO/Damage Accounts	Active	
Admin	Active	

At the bottom, there is a pagination control showing 'Showing 1 to 5 of 74 entries' and a dropdown for selecting the number of entries per page (5).

## Village Menu Home Page:

Reset Button will be used to clear applied filter.

Existing Records.

Pagination

Clicking on Search button we can search records on the basis of above text boxes.

For sorting records ascending & Descending order.

Here we can perform different operation as View/Edit/Delete

Clicking on add more we will redirect to create page (refer next figure).

The screenshot shows a list of villages with columns for 'Zone Name', 'Village Name', 'Status', and 'Operations'. The data in the table is as follows:

Zone Name	Village Name	Status	Operations
SOUTH	AALI	Active	
SOUTH	ADCHINI	Active	
NORTH	ALI PUR	Active	
SOUTH WEST	Barbar Hai	Active	
EAST		Active	

At the bottom, there is a pagination control showing 'Showing 1 to 5 of 98 entries' and a dropdown for selecting the number of entries per page (5). There are also links for 'Privacy Policy', 'Hyperlink policy', and 'Accessibility Statement'.

**Add More Page-** Here, we can add new records by entering data into the given fields.

Here we fill Village Zone, Department, & Division.

Clicking on Click on Submit we save records. And redirect to home page.

Clicking on Back Button, we will redirect to home page of the same module.

Here we choose record status as Active /Inactive.

**View Page –** Clicking on View button at home page under operation column, we will redirect to view page. Here we can read and verify the data.

View Details

**Edit Page-** Clicking on Edit button at home page under operation column, we will redirect to edit page. Here we can modify the data related to that particular record.

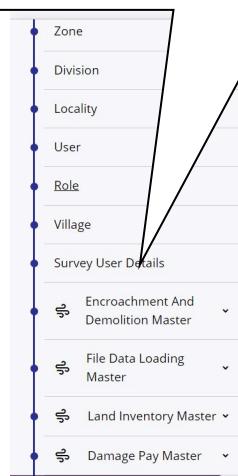

**Delete Operation-** Clicking on Delete button at home page under operation column a pop up will open to confirm the delete operation, we can delete (inactive) record of the module.

## Demolition Document

On Clicking Demolition Document, we will be redirected to Home page of Demolition Document. Refer Next Figure.

The screenshot shows a left sidebar with a navigation tree:

- Ent. Demo
- Structure
- Demolition checklist
- Demolition Document
- Demolition Program
- File Data Loading Master
- Land Inventory Master
- Damage Pay Master
- New Land Acquisition Master

Below the sidebar is a main content area with a table titled "Document Name".

Document Name	Is Mandatory	Status	Operations
List of Structures proposed for demolition clearly indicating the area to be demolished	Y	Active	
Location Map	Y	Active	

At the bottom of the table, it says "Showing 1 to 2 of 2 entries" and has a page number "5".

## **Demolition Document Home Page.**

Reset Button will be used to clear applied filter.

Existing Records.

Clicking on Search button we can search records on the basis of above text boxes.

Pagination

For sorting records ascending & Descending order.

Clicking on add more we will redirect to create page (refer next figure).

Here we can perform different operation as View/Edit/Delete

The screenshot shows a search interface with fields for "Document Name" and a "Search" button.

Below the search interface is a table titled "Document Name".

Document Name	Is Mandatory	Status	Operations
List of Structures proposed for demolition clearly indicating the area to be demolished	Y	Active	
Location Map	Y	Active	

At the bottom of the table, it says "Showing 1 to 2 of 2 entries" and has a page number "5".

**Add More Page:** Here, we can add new records by entering data into the given fields.

Here we fill Document Name.

Clicking on Submit we save records. And redirect to home page.

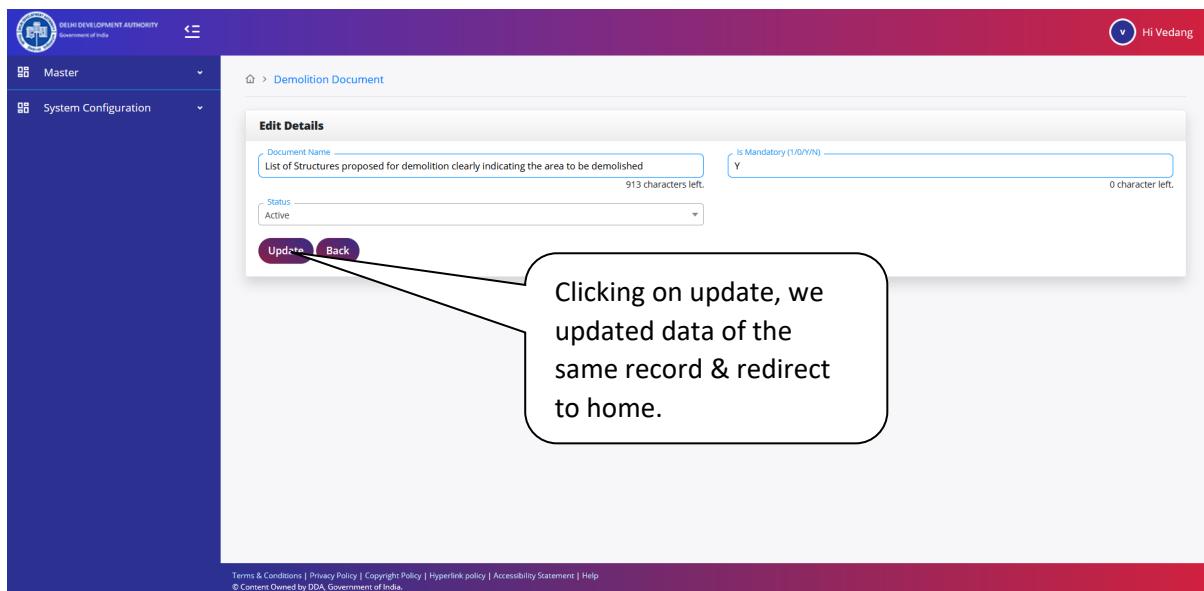

Clicking on Back, we will redirect to Home without saving any records.

Here we choose record status as Active /Inactive.

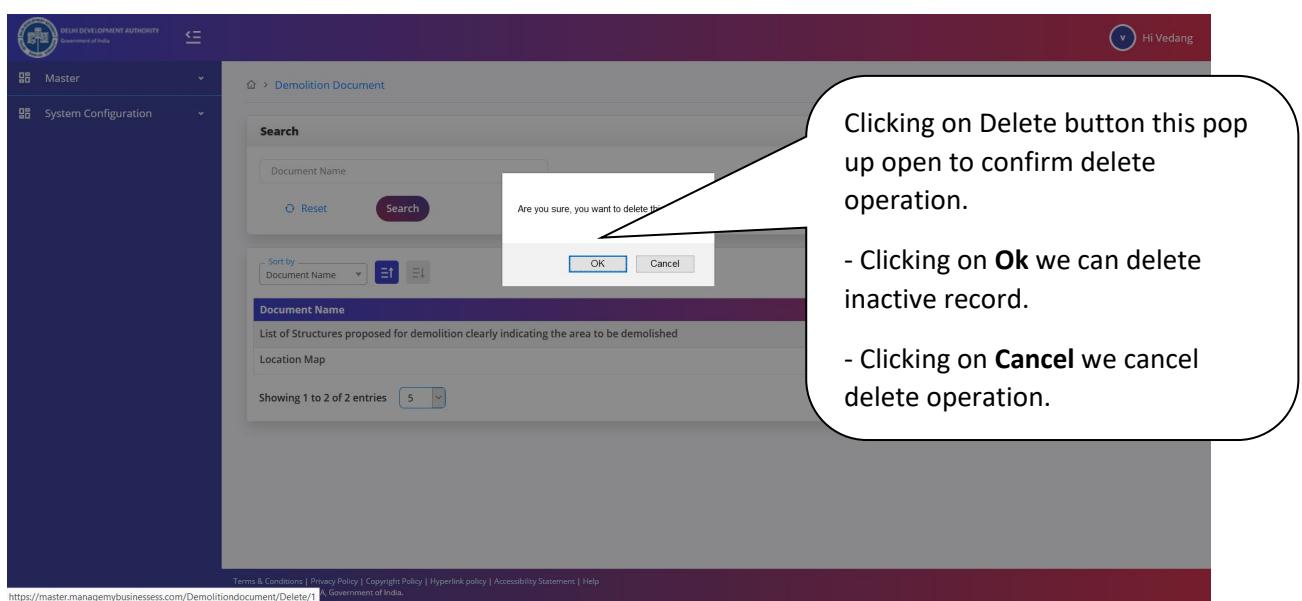

**View Page –** Clicking on View button at home page under operation column, we will redirect to view page. Here we can read and verify the data.

Clicking on Back, we will redirect to home page of same module.

**Edit Page-** Clicking on Edit button at home page under operation column, we will redirect to edit page. Here we can modify the data related to that particular record.

**Delete Operation-** Clicking on Delete button at home page under operation column a pop up will open to confirm the delete operation, we can delete (inactive) record of the module.

## Demolition Program

On Clicking Demolition Program, we will be redirected to Home page of Demolition Program. Refer Next Figure.

The screenshot shows a web-based application interface for the Demolition Program. On the left, there is a vertical navigation menu with items like Role, Court Case Master, Encroachment And Demolition Master, Demolition Program, File Data Loading Master, Land Inventory Master, Damage Pay Master, and New Land. In the center, there is a search interface with a 'Search' button and a 'Reset' button. Below the search is a table titled 'Items' with columns for 'Items', 'Items Type', 'Status', and 'Operations'. The table contains seven entries with various details. At the bottom of the page, there is a footer with links to Terms & Conditions, Privacy Policy, Copyright Policy, Hyperlink policy, Accessibility Statement, Help, and a note about contents owned by DDA, Government of India.

Items	Items Type	Status	Operations
Date of Encroachment for structure	Textbox	Active	
Details of court cases related to structures proposed for demolition, if any	Textbox	Active	
Land Owning Agency (engineering, horticulture etc.)	Textbox	Active	
Location of proposed demolition(colony/area/village/khasra No. etc)	Textbox	Active	
Number of religious structures proposed for demolition	Number	Active	
Showing 1 to 5 of 7 entries			
<a href="#">1</a> <a href="#">2</a> <a href="#">Next</a> <a href="#">»</a>			

## **Demolition Program Home Page.**

This screenshot provides a detailed view of the Demolition Program Home Page with several annotations:

- Reset Button:** A callout points to the 'Reset' button in the search bar, stating it will clear applied filters.
- Existing Records:** A callout points to the main content area, identifying it as displaying existing records.
- Pagination:** A callout points to the pagination controls at the bottom of the table, indicating it allows for sorting and filtering.
- For sorting records ascending & Descending order:** A callout points to the 'Sort by' dropdown menu.
- Here we can perform different operation as View/Edit/Delete:** A callout points to the 'Operations' column in the table, which includes icons for edit and delete.
- Clicking on Search button we can search records on the basis of above text boxes.** A callout points to the 'Search' button.
- Clicking on add more we will redirect to create page (refer next figure).** A callout points to the '+ Add More' button.

**Add More Page:** Here, we can add new records by entering data into the given fields.

**Delete Operation-** Clicking on Delete button at home page under operation column a pop up will open to confirm the delete operation, we can delete (inactive) record of the module.

## Branch

On Clicking Branch, we will redirect to Home page of Branch. Refer Next Figure.

The screenshot shows a user interface for managing branches. On the left, there is a sidebar menu with various options like Role, Village, Survey User Details, Encroachment And Demolition Master, Land Inventory Master, Damage Pay Master, New Land Acquisition Master, Acquired Land Information Management Master, and System Configuration. The main area is titled 'Search' and contains two input fields for 'Branch Name' and 'Branch Code', a 'Reset' button, and a 'Search' button. Below these are buttons for 'Sort by Department' and 'Operations'. A table lists branch details with columns for Department, Branch Name, Branch Code, Status, and Operations. The table shows five entries: Cash Main, Engineering, Engineering, Engineering, and Engineering. At the bottom, it says 'Showing 1 to 5 of 85 entries' and has a pagination control with a dropdown set to '5' and a range from 1 to 10.

Department	Branch Name	Branch Code	Status	Operations
Cash Main	Cash Main	CM	Active	
Engineering	DCC-2, CC-13	DCC-2	Active	
Engineering	RMD-5 (RPD-7)	RMD-5	Active	
Engineering	DCC-3, CC-17	DCC-3	Active	
Engineering	Civil Branch	03	Active	

## **Branch Home Page.**

Reset Button will be used to clear applied filter.

**Add More Page:** Here, we can add new records by entering data into the given fields.

**View Page:** Clicking on View button at home page under operation column, we will redirect to view page. Here we can read and verify the data.

**Edit Page:** Clicking on Edit button at home page under operation column, we will redirect to edit page. Here we can modify the data related to that particular record.

**Delete Operation:** Clicking on Delete button at home page under operation column a pop up will open to confirm the delete operation, we can delete (inactive) record of the module.

## Approval Process Template

On Clicking Approval Process Template, we will redirect to Home page of Approval Process Template. Refer Next Figure.

The screenshot shows a search interface with fields for Version, Module, and Name, and buttons for Reset and Search. Below the search area is a table listing records. The table has columns for Version, Module, Name, Description, Status, and Operations. The data in the table includes:

Version	Module	Name	Description	Status	Operations
V5	Site Master	Document	dfdf	Active	
	New Land Acquisition	Request	request	Active	
V1(1627184595)	Lease Details	Lease Application APproual	WOrkflow for lease application	Active	
	Lease Details	Extension Service Approval	Extension Service Approval	Active	
V2(235636689)	Lease Details	Lease Application APproual	WOrkflow for lease application	Active	

Showing 1 to 5 of 11 entries

## **Approval Process Template Home Page:**

The screenshot shows the same search interface and table as the previous figure. Several callout boxes provide detailed explanations:

- Reset Button will be used to clear applied filter.** (points to the Reset button)
- Clicking on Search button we can search records on the basis of above text boxes.** (points to the Search button)
- Existing Records.** (points to the table header)
- For sorting records ascending & Descending order.** (points to the Sort by button)
- Here we can perform different operation as View/Edit/Delete.** (points to the Operations column icons)
- Clicking On Add More we will redirect to create page (refer next figure).** (points to the + Add More button)

**Add More Page:** Here, we can add new records by entering data into the given fields.

The screenshot shows the 'Approval Process Template' interface. At the top, there's a header with a back arrow and the title 'Approval Process Template'. Below it, the 'Add Details' section has a 'Module Select' dropdown, 'Process Name' and 'Process Description' input fields, an 'Effective Date' date picker, and an 'IsActive' checkbox. A button labeled 'Add Level' is at the bottom right. A callout box points to the 'Add Level' button with the text: 'Here we select Module, enter process Name, Process Description.'

Below this, a large callout box contains the text: 'By Click Add Level button, we can create new level on the basis of this fields-order, User Type, User name, Actions.' It also points to the 'Add Level' button.

The main content area shows two levels of configuration:

- Level 1:** Contains fields for 'Level' (1), 'Order' (1), 'Conditional' (Zone Wise), 'User Type' (User Wise), 'User Name' (empty), 'Actions' (Forward), and a 'Delete' button. A callout box points to the 'Delete' button with the text: 'Clicking On the Delete button the level will be deleted.'
- Level 2:** Contains fields for 'Level' (1), 'Order' (1), 'Conditional' (Zone Wise), 'User Type' (User Wise), 'User Name' (DD[Admin]), 'Actions' (Forward), and a 'Skip' toggle switch (off). A callout box points to the 'Skip' toggle switch with the text: 'Clicking On Back button, we will redirect to home page of same module.'

At the bottom left, a 'Create' button is shown with a callout box pointing to it containing the text: 'Clicking On Create button we save records. And redirect to home page.'

On the right side, there are buttons for 'Back' and 'View' (disabled).

At the very bottom, there are fields for 'Effective Date' (09-04-2021), 'Version' (empty), and 'IsActive' (checked).

**Edit Page-** Clicking on Edit button at home page under operation column, we will redirect to edit page. Here we can modify the data related to that particular record.

Level 1

Level 2

Add Level

Delete

Level 1 Configuration:

- Level: 1
- Order: 1
- Conditional: Unconditional
- User Type: Role Wise
- Role Name: Admin
- Actions:  Forward,  Rejected,  Query Forward
- Skip:

Level 2 Configuration:

- Level: 2
- Order: 2
- Conditional: Zone Wise
- User Type: User Wise
- User Name: ashutosh[Admin]
- Actions:  Revert,  Approved,  Rejected,  Query Forward
- Skip:

Update

Clicking On update button, we updated data of the same record & redirect to home.

**Delete Operation:** Clicking on Delete button at home page under operation column a pop up will open to confirm the delete operation, we can delete (inactive) record of the module.

## Permissions

On Clicking Permissions Template, we will redirect to Home page of Permission. Refer Next Figure.

Master	
Add	Edit
View	Download
Upload	Delete
Verify	Dispose

Court Case Master	
Add	Edit
View	Download
Upload	Delete
Verify	Dispose

## Permissions Home Page:

Master	
Add	Edit
View	Download
Upload	Delete
Verify	Dispose

Court Case Master	
Add	Edit
View	Download
Upload	Delete
Verify	Dispose

Here we will choose Module name & Role Name from dropdown.

This is permission check point, here we can give permission by check operations for module like- Add, edit, view, download, upload, delete, verify, dispose after that click on the save button.

## Approval Process Template

On Clicking Approval Process Template, we will redirect to Home page of Application Notification Template. Refer Next Figure.

Village	Rect No	Land Category	Khasra No	Bigha-Biswa-Biswanshi	Status	Operations
A village	Rect 12	L	test 20 vill 00	1 - 1 - 1	Active	<i>(Edit, Delete)</i>
A village	Rect 12	L	12	2 - 2 - 2	Active	<i>(Edit, Delete)</i>
A village	dfsdf	L	ddsfdsf324234	50 - 3 - 60	Active	<i>(Edit, Delete)</i>
A village	Rect 12	L	Khasra No1	10 - 20 - 30	Active	<i>(Edit, Delete)</i>
A village	12	L	21	4 - 4 - 4	Active	<i>(Edit, Delete)</i>

## Approval Process Template Home Page.

Reset Button will be used to clear applied filter..

Clicking on Search button we can search records on the basis of above text boxes.

Existing Records.

Pagination

For sorting records ascending & Descending order.

Here we can perform different operation as View/Edit/Delete

Version	SLA Time	Name	Description	Status	Operations
V1(7456699)	10	Damage Payee Register Approval	define a approval process for damage payee registration	Active	<i>(View, Edit, Delete)</i>
V2(428188428)	10	Dam Payee Register Approval	define a approval process for damage payee registration	Active	<i>(View, Edit, Delete)</i>
V1(671899443)	7	Watch & Ward Approval	defined an approval for watch and ward application	Inactive	<i>(View, Edit, Delete)</i>

**Add More Page:** Here, we can add new records by entering data into the given fields.

Here we fill Template name.

Marked are mandatory fields

Clicking On Submit button we will save records. And redirect to home page.

Clicking on Back Button, we will redirect to home page of the same module.

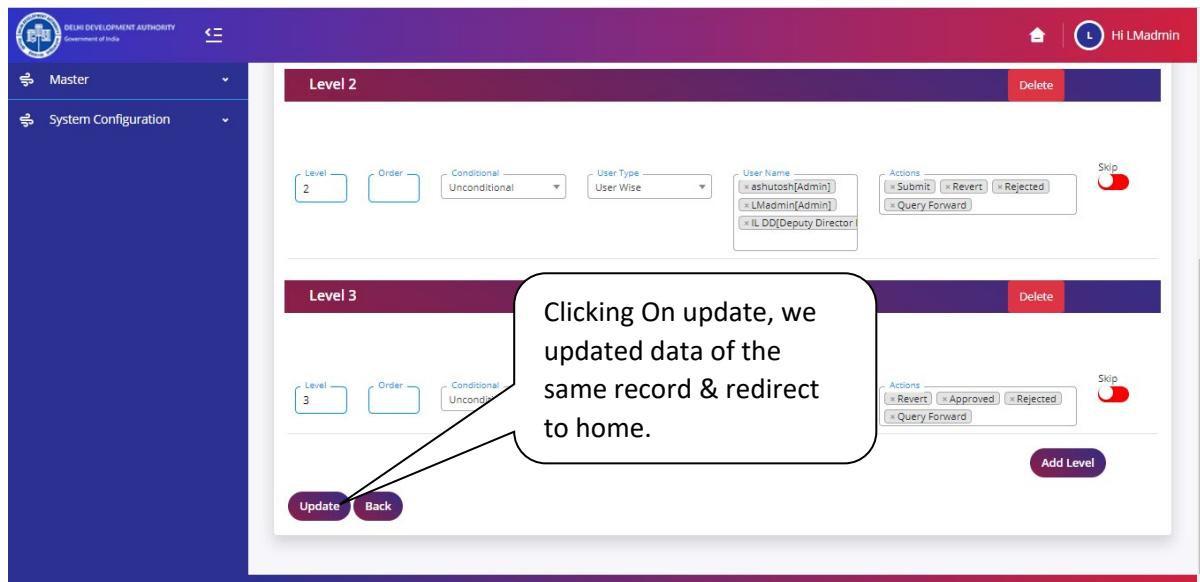

Here we choose record status as Active /Inactive.

**View Page:** Clicking on View button at home page under operation column, we will redirect to view page. Here we can read and verify the data.

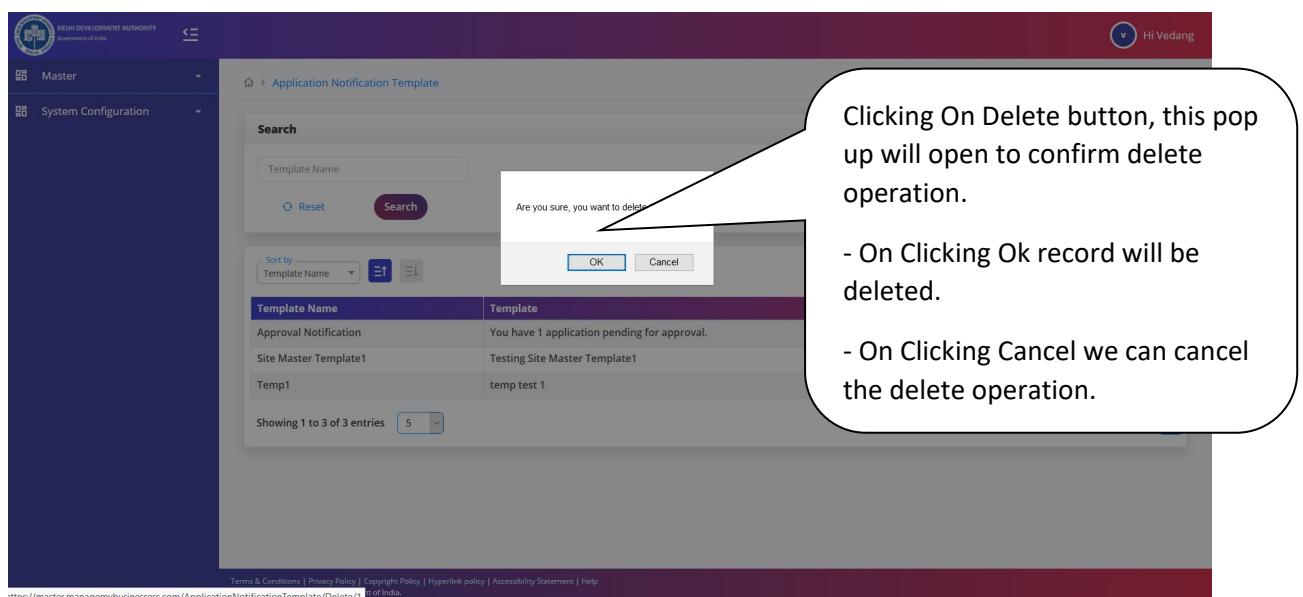

Marked are mandatory fields

Clicking On Back button, we will redirect to home page of same module.

**Edit Page:** Clicking on Edit button at home page under operation column, we will redirect to edit page. Here we can modify the data related to that particular record.

**Delete Operation:** Clicking on Delete button at home page under operation column a pop up will open to confirm the delete operation, we can delete (inactive) record of the module.

## Scheme File Loading

On Clicking Scheme File Loading Program, we will redirect to Home page of Scheme File loading. Refer Next Figure.

The screenshot shows a web application interface for Scheme File Loading. At the top right, there is a user profile icon with the name 'Hi Vedang'. On the left, a vertical sidebar menu lists various master data categories: Division, Role, Court Case Master, Scheme File Loading, Branch, Land Inventory Master, Damage Pay Master, and New Land Acquisition Master. Below the sidebar is a system configuration section. The main content area displays a table of records with columns: Scheme Name, Scheme Code, Status, and Operations. The table contains the following data:

Scheme Name	Scheme Code	Status	Operations
Aaaaa	A1	Active	
Bssss	B2	Inactive	
CName	C1	Active	
new scheme	90012	Active	
Scheme Name	Code1111	Active	

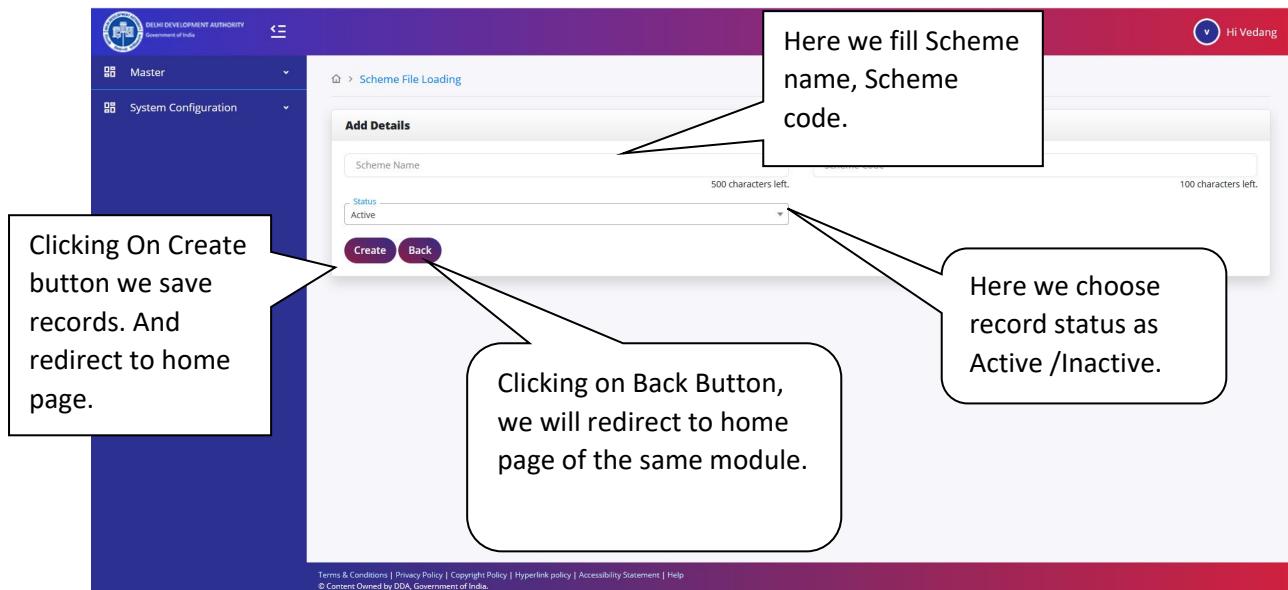

Below the table, it says 'Showing 1 to 5 of 11 entries' and has a dropdown for selecting the number of entries per page (set to 5). At the bottom, there are navigation links for page numbers (1, 2, 3, Next) and a '»' symbol. The footer includes links for Terms & Conditions, Privacy Policy, Copyright Policy, Hyperlink policy, Accessibility Statement, and Help, along with a note that the content is owned by DDA, Government of India.

## Scheme File Loading Home Page.

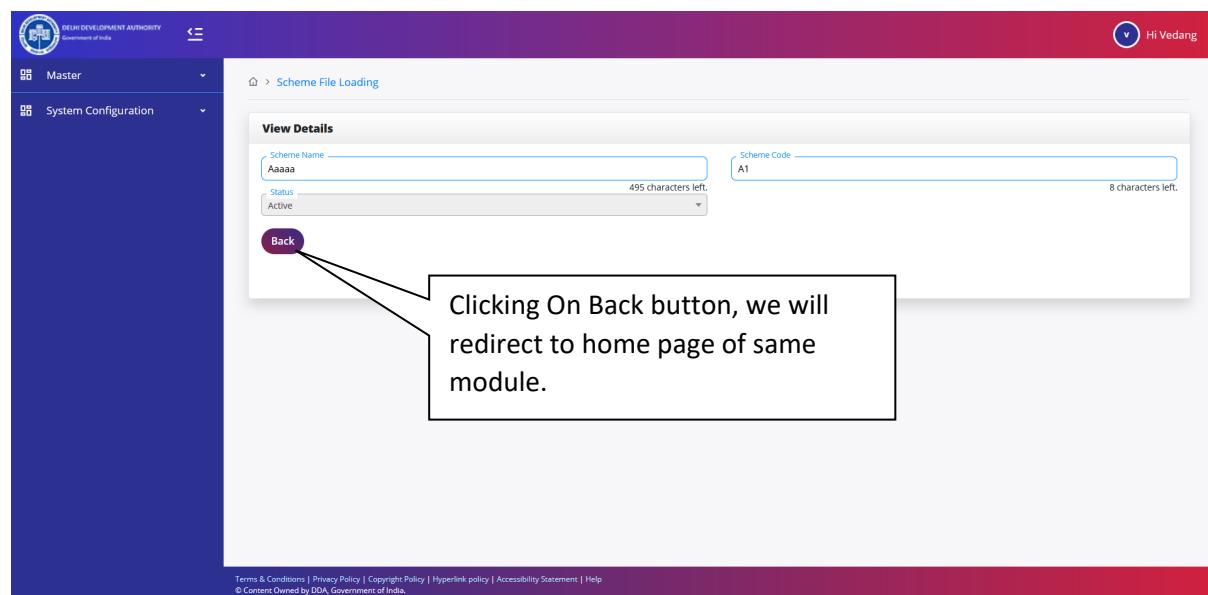

This screenshot provides detailed annotations for the Scheme File Loading Home Page:

- Reset Button:** A callout points to the 'Reset' button above the search bar, stating: "Reset Button will be used to clear applied filter."
- Search Functionality:** A callout points to the search input field and the 'Search' button, stating: "Clicking on Search button we can search records on the basis of above text boxes."
- Existing Records:** A callout points to the main table area, stating: "Existing Records."
- Pagination:** A callout points to the page number dropdown at the bottom of the table, stating: "For sorting records ascending & Descending order."
- Add More:** A callout points to the '+ Add More' button at the top right of the table, stating: "Clicking On Add More we will redirect to create page (refer next figure)."
- Operations:** A callout points to the three icons in the 'Operations' column of the table, stating: "Here we can perform different operation as View/Edit/Delete"

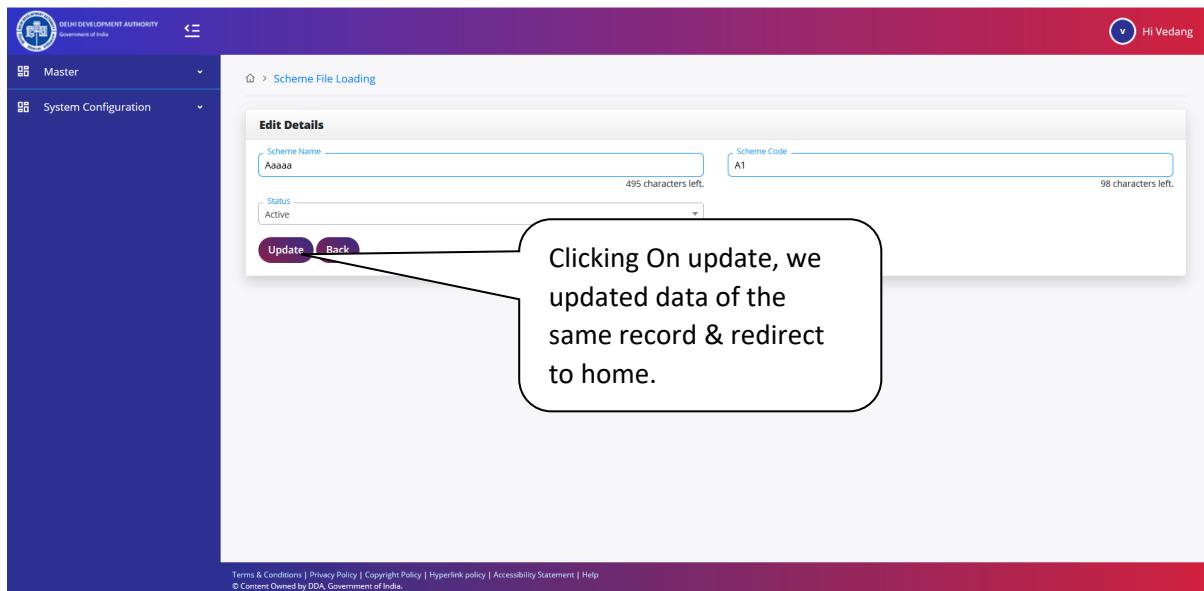

**Add More Page:** Here, we can add new records by entering data into the given fields.

**View Page:** Clicking on View button at home page under operation column, we will redirect to view page. Here we can read and verify the data.

**Edit Page:** Clicking on Edit button at home page under operation column, we will redirect to edit page. Here we can modify the data related to that particular record.

**Delete Operation:** Clicking on Delete button at home page under operation column a pop up will open to confirm the delete operation, we can delete (inactive) record of the module.
